Wilderness Words

Words:
abandoned **Watchtower**, mere miles from the great **Wall** that keeps the Wild Waste at bay.
Returning after a year of questing, the Seekers of Ermanne were forced to abandon the legendary **Iridescent Egg** in an abandoned **Watchtower**, mere miles from the great **Wall**.
Radiating immense energies, the **Egg** slowly saturated innamate objects with phlogiston particles. Reaching an undetermined threshold, these objects would melt, catch fire, and even explode. Two Seekers were immolated on the return trip and the rest had to abandon their prized possessions.
A cabal of the greatest wizards erected a barrier of **Howling Watchtower** [1.6] **Wards** to keep the **Egg** from evil hands. But the **Egg**'s rays blighted the land and caused the great **Wall** to **Smolder**. It took the mighty Herophants of the Golden Sickle to divert a river down a convenient **gully**, **flooding** the old **Watchtower** [11.18] and cooling the **Egg** with irradiated **sludge**.
